## TRAINING AND PLACEMENT CELL, VIIT

### I2IC : INSTITUTE TO INDUSTRY INTERACTION CELL

The I2IC Council work together for the Upliftment of Students for Industry Relations, Internships, Placement, and Training. They work under the guidance of the Training and Placement Cell of VIIT. Their Mission Is to Fill-up the gap and is the medium of communication between Students and the Training and Placement Cell.

This cell was established to have an open mind while modelling so embraces the possibility of change and ambiguity, be willing to participate and collaborate as a part of a learning community, be an assessment champion, be willing to work as a team with individuals from within or outside the division who are at various levels of understanding in groups & provide positive support to others. As a community, it also aims for the involvement, betterment and development of students of the VIIT college. I2IC is a team of more than 32 students driven as a team supporting innovation, technology, and much more. So far, I2IC has conducted many successful events like guest lectures, workshops, competitions and much more. It shares a common responsibility to serve as a resource for new members, and advance personal knowledge of assessment, research, and planning via outside readings, active learning and individual learning from project implementation.

### ABOUT INDUSTRY RELATIONS

“

THE INDUSTRY WITH ACADEMIA TOGETHER CAN MAKE A REVOLUTIONARY CHANGE IN STUDENTS' LIFE IN TERMS OF SKILL DEVELOPMENT AND PROJECT-BASED LEARNING OPPORTUNITIES. HOWEVER, ACADEMIA CAN DEVELOP AND CONTRIBUTE BY PROVIDING AN INNOVATIVE SOLUTIONS FOR THE INDUSTRY. INDUSTRY AND ACADEMIA ASSOCIATION CAN DEVELOP A SELF-SUSTAINED ECOSYSTEM AND LEADS TO THE CONCEPT OF INDUSTRY ON CAMPUS. TO STRENGTHEN THE INDUSTRY INSTITUTE RELATIONS, VIIT ESTABLISHED A DEPARTMENT OF INDUSTRY RELATIONS IN 2016. THIS DEPARTMENT CONNECTS THE VARIOUS INDUSTRIES WITH VIIT ON VARIOUS COLLABORATIVE PLATFORMS NEW PRODUCT DEVELOPMENT, CAPACITY BUILDING, STUDENT-CENTRIC ACTIVITIES LIKE VISITS, INTERNSHIPS, GUEST LECTURES AND SPECIALISED AND DOMAIN-SPECIFIC TRAINING. BEING AN AUTONOMOUS, INSTITUTE, STUDENTS CAN BE ENGAGED IN DOING A REAL INDUSTRY-BASED PROJECT.

# Objectives of Dean Industry Relations

- Provide internship and placement assistance for final-year students
- Create awareness and guidance for higher education in India and abroad.
- Organize need base and skill-based Training sessions for the students every semester
- Establish research labs /COE / MOUs with industry collaborations.
- Provide real-time exposure to students and faculty members with the contemporary industrial technologies and projects
- Explore opportunities for collaborative research, technology transfer, product development and curriculum development

## T&P Officer's

**Dr. Leena A Deshpande**

Associate Dean Industry  
Relations

“

The Training and Placement Department of VIIT facilitates career guidance and training assistance for students in order to achieve their career goals. The T&P cell identifies the current industry trends and facilitates the students to gain the latest skills and knowledge required by the industry. VIIT T&P cell plays a pivotal role in guiding the students to achieve their career goals. VIIT T&P cell conducts training activities with the help of industry experts, alumni and corporate trainers to prepare the students industry ready.

”

Audit Course (Aptitude, soft skill and technical training) conducted through T&P Cell for pre-final year students. Aptitude training, tests and GD&PI sessions are conducted regularly to make students competent & to improve their performance in placement drives/ Internships/Technical competitions and competitive exams. The Training Placement Officer with ATPO, Dept coordinator and student council from all the departments' works together to run the T&P cell. Job oriented refreshers courses and special training programmes are regularly conducted.

**Mr. Vishwajit Kate Deshmukh**  
Training and Placement Officer

**Mr. Vishal B. Ambhore**  
Associate Training and Placement  
Officer

VIIT also arranges guest lectures by Industry experts, distinguished alumni for training students and faculty members. The VIIT T&P cell collaborates with the corporates and organizations across India to provide on-campus job opportunities to the students. It's a brand value of Vishwakarma Institutes and great alumni network spread across the world, the leading organizations prefer to visit Vishwakarma Institutes for campus recruitment every year.

## EVENTS HAPPENED AT I2IC

### 6. Resume building session

- VIIT's Institute Industry Interaction Cell (I2IC) successfully conducted a Resume Building session on 28th October 2023. The session, organised by the Training and Placement Office (TPO) through the I2IC council of VIIT, was held offline and attended by over 150 final year students from all branches.
- The guest speaker for the event was Mr. Neeraj Kumar Solanki, a distinguished professional with an 8-year tenure at Infosys and 27 years of training experience. Mr. Solanki, who also holds expertise as an English language teacher and has trained numerous students for competitive exams like GMAT, CAT, and CLAT, is part of the Career Launcher team in Pune.
- The session, which ran from 10.15 am to 12.15 pm, focused on providing guidance on resume writing. Mr. Solanki shared insights on the importance of a professional resume, what to include and avoid in a resume, and demonstrated this with several examples for student reference. He also shared personal experiences and incidents highlighting the impact of a well-crafted resume on placements.
- The key takeaways from the session included understanding the importance of a resume, learning how to create a resume both online and offline, and enabling students to prepare their own resumes.
- Thanks to the hard work of the council members, the Resume Building session was a resounding success.

ML: an essay on friendship

ChatGPT response:

Title: The Beauty and Significance of Friendship

Introduction:

Friendship is a cherished bond that enriches our lives with love, support, and companionship. It is a profound connection between individuals that transcends blood relations and forms an essential aspect of human existence. Throughout history and across cultures, friendships have been celebrated for their ability to bring joy, solace, and personal growth. In this essay, we will explore the various dimensions of friendship, its importance, and the qualities that make it a treasured relationship.

Body:

1. Mutual Trust and Support:

Friendship is built on a foundation of trust and support. Friends offer a safe space where we can be ourselves without fear of judgment. They are the people who stand by our side through both triumphs and trials. [Regenerate response](#) [support and encouragement](#).

## EVENTS HAPPENED AT I2IC

### 8.LTI Mindtree session on Generative AI

- This session was conducted by Mr. Kaustubh Anush Anwekar on 30th November 2023 for TY and final-year students. He explained about the generative AI.
- In this session, the uses of Gen AI and its applications were also discussed. Topics such as RNN and deep were covered.
- At the end of the session, some of the students present their projects in front of the guests. These projects are in the domains of artificial intelligence and machine learning.

## EVENTS HAPPENED AT I2IC

### 10. BMC Software Company Orientation on Mainframe Technology

- BMC Software Company Orientation on Mainframe Technology was organized by TPO through I2IC
- council of VIIT.
- This session was conducted by our guest speaker Mr. Sandeep Sawant. He is from BMC Software
- Company team. Mr. Sandeep Sawant gave many insights on Mainframe Technology. He also elaborated
- the placement process in this field.
- The session was for providing guidance on Mainframe Technology.
- The session was arranged from 01.40pm to 03.00pm for all branches.
- The key take away of this session are:
- Know about the Importance of Mainframe Technology.
- What are the expectations of the companies from freshers in this field?
- Guest speaker Mr. Sandeep Sawant talked about how Mainframe Technology has been evolved through
- these many years. He also talked about the future scope in this field of technology.
- He also shared his personal experience and helped all students in clearing their doubts on Mainframe

### Some Glimpse Of BMC Software Company Orientation on Mainframe Technology:-

## EVENTS HAPPENED AT I2IC

### 11. Saturday Club

- To facilitate the ongoing interview preparation for VIIT students, I2IC has introduced an innovative initiative known as the Saturday Club. Saturday Club aims to provide diverse activities, including one-on-one mock interviews, group discussions, and project presentations, to keep students abreast of the latest interview trends. Moreover, participants will receive valuable feedback to enhance their skills. The presence of esteemed alumni further adds value to the club, offering students a unique networking opportunity.
- On the first Saturday, technical interviews, group discussions, and project presentations were conducted.
- The event witnessed esteemed alumni Mrunal Vyas, Apurva Kirdatt, Hrithik Shinde, and Rameez Shamalik. They assisted in building industrial connections and guided the students for the same.
- On the second Saturday, there was the presence of another esteemed alumni, Usama Danish Shaikh, Hiten Kothari, Akash Pawar, Ashutosh Pilane, Mansi Bora, and Nandan Mukkawar. They shared their knowledge and experience and lit the minds of the students. There were both core and HR mock interviews scheduled for the ENTC and mechanical branches. Pre-placement talks were also conducted.
